# 5. JOIN WORLD MERIT'S COMMUNITY OF ACTIVISTS

If you are not a World Merit member, Join World Merit's Community of Activists. Click [here](#)

## What is World Merit?

World Merit is a thriving community of young people taking action to make a positive difference locally and globally. We exist to empower youth to build a better future and our vision is to fight complex global issues by building confidence, raising aspirations and connecting diverse people of merit.

Using the United Nations' Sustainable Development Goals as their guide, our community plans and executes projects and events on a local and national level that create positive impact and our global events bring our members together. Together, we strive for a more sustainable future and a better world for all.
